June 1, 2009 @ C2 Motorsports

PRESENT: M. Contour, R. Perry, J. Lonsdale, B. Schiller, L. Chan, M. Vasquez, W. Leach, Mrs. Ann Pease (Architect), S. Licata, L. Dennstedt, R. Robinson, Underdahl

CALL TO ORDER: Mr. Contour @ 7:03 PM.

MINUTES: Accepted.

TREASURERS REPORT: Balance reviewed. Report accepted.

EQUIPMENT REPORT: Fire extinguisher cost \$45 to repair. A new one costs \$27. A new timing battery is needed. Two new boxes were built for lights, courtesy of Larry Chan (AGAIN).

TIMING & SCORING: Previous event went OK. Laptop is OK.

SOUND REPORT: The events have been averaging between one and three sound violations.

NOVICE REPORT: The school was full. Assigned grid spots worked out well. The 54 students generated NO complaints!

MEMBERSHIP REPORT: 431 members.

WAIVER REPORT: Everything OK.

LOT REPORT: A “patch party” is proposed for Thanksgiving Sunday. Mr. Chan suggested “doing it right” this time by using asphalt. The stadium will be doing repairs on the NE lot and the SE lot. Might it be possible to use the same contractor? Will be investigated.

PAST EVENTS:

- SCNAX practice had 66 cars on Mother’s Day. Many novices from the previous days school entered.
- The TART event had 62 entries for practice and 118 on Sunday and lost money. SDAD officially commends and praises TART for picking up the million nails littering the lot. The Saturday ditch crossing caused one car to quit.

UPCOMING EVENTS:

- DCCSD has 20 openings for their practice.

OLD BUSINESS:

- The price for an electric winch for the trailer being investigated by Mr. Perry. Some cutting & welding may be required.

NEW BUSINESS:

- The event calendar for the second half resolved.
- It was decided that it would be fairer to all clubs if the current “draw order” was perpetuated, rather than changed annually. Commencing in 2010 the order will be SCNAX, TART, DCCSD, SCAT, then SDAD.

- The SCCA has created another street tire two seat roadster class, “STR”, for those cars excluded from “ST”. This class will naturally exclude all cars manufactured by Lotus.
- Additional discussion regarding the lot repair party followed.

MEETING ADJOURNED: @ 8:29 PM by Mr. Contour.
